MEMORANDUM FOR THE RECORD

SUBJECT: Freedom of Information Bills

Robert Bedell of the General Counsel's office, OMB, called today to get an immediate view on the Agency's position regarding the Freedom of Information bills, S. 2543 and H. R. 12471. I told him that S. 2543 had been acceptable as reported by the committee, but that with (B) (ii) deleted on the Floor we had real problems with it. Consequently, we recommend veto.
